

Los documentos de transporte los suele elaborar el transitario elegido (agencia que coordina varios transportes, seguros y despachos de aduana).

Conocimiento de Embarque Aéreo

Documento justificativo del contrato de transporte aéreo, establecido entre un expedidor/exportador y una compañía de transporte aéreo, mediante el cual ésta reconoce haber recibido la mercancía para su expedición y se obliga a transportarla al aeropuerto de destino conforme a las condiciones especificadas. Se denomina, igualmente, carta de porte aéreo y nota de consignación.

Lo emite la compañía aérea o un agente de carga aérea IATA autorizado.

El modelo utilizado es de IATA (International Air Transport Association). Consta de tres originales no negociables, y entre seis y doce copias adicionales para uso interno.

El conocimiento aéreo cumple cinco funciones:

- Prueba de contrato de transporte, conteniendo en su reverso el clausulado.
- Acuse de recibo de las condiciones en que se ha recibido la mercancía.
- Declaración para el despacho aduanero.
- Certificado de seguro, si el expedidor lo solicita.
- Guía de instrucciones para el personal del transportista.

Siguiendo con la transacción comercial ficticia entre Bodegas Viñas y la empresa norteamericana Import Wine Ltd., os presentamos un ejemplo de Conocimiento de Embarque Aéreo. ([ver ejemplo](#))
